

I would like you to consider the following conditions that I would suggest are added to your licence.

- 1, CCTV to be installed and a 30 day record function, copies to be made on request of the Police and Local Authority.
- 2, There will be at least one member of staff when the premises is open that can operate the CCTV system.
- 3, Challenge 25.
- 4, No under 18 after 2100 hours.
- 5, No off sales after 2100 hours unless in a seal container.

Please let me know your thoughts. If you are happy to accept these conditions please let me know and I will notify the council that the Police support your application. If you would like to discuss any of these please feel free to contact me. I ask for these conditions as they help to protect your licence and also the licensing objectives.

Kind regards

Darren

Hi Tracy,

Thank you for meeting with me last week to discuss your premises licence application. As mentioned, I think the best way to control noise from customers using the outside area is to have a sign outside to remind customers that they are close to a residential area.

- - The Licence holder shall erect and maintain a clear and prominent notice displayed in the garden area requesting the public to respect the needs of local residents

I would be grateful if you could agree to this condition at your earliest convenience.

Kind regards,

Kelly Haynes
