THE THANET DISTRICT COUNCIL

RECORD OF DECISION OF CABINET

Cabinet Member

Councillor Lin Fairbrass

Relevant Portfolio:

Deputy Leader of the Council and Cabinet Member for
Community Safety & Environmental Services

Date of Decision:

25 October 2017

Subject:

New Revised On and Off Street Parking Schemes
following community feedback

Key Decision

No

In Forward Plan

Yes

Brief summary of matter:

On 27 April 2017 Cabinet agreed that the new parking scheme proposals for on and off street parking go out for community feedback. This was to gather initial views from the public before formally consulting on the proposals as part of statutory consultation, which is required when implementing new parking management orders for on-street parking.

Decision made:

Cabinet approved the new revised parking schemes.

Reasons for decision:

There are a number of off-street car parking areas that are free of charge. By changing these areas to pay and display with an hourly charge in line with other areas additional revenue would be generated.

There are a number of on-street parking areas around the district that could benefit by having a resident's parking scheme, pay and display or both.

Alternatives considered and why rejected:

A Community feedback exercise was undertaken to consider all alternatives and the proposal has been changed. Not implementing the scheme was not considered due to financial and traffic management considerations.

Details of any conflict of interest declared by any executive Member who has been consulted and of any dispensation granted by the Standards Committee:

None

Author of Officer report:

Trevor Kennett
