The proposed dormer windows, by virtue of their size and prominent siting, results in a visually intrusive, incongruous and dominant form of development, unrelated in scale and design to the host building, severely detrimental to the character and appearance of the area, and contrary to Policy QD02 of the Thanet Local Plan, BSP9 of the Draft Broadstairs Neighbourhood Plan, and paragraphs 127 and 130 of the National Planning Policy Framework.

A statement from Ms Marriage, in favour of the application, was read out by an Officer.

It was proposed by the Chairman and seconded by the Vice Chairman that the officer's recommendation be adopted, namely:

That the application be REFUSED for the following reasons:

1 The proposed 2 and 3 storey building, by virtue of its design, width, and mass would represent a visually dominant, obtrusive and incongruous form of development which would fail to respond to or respect the traditional pattern and appearance of development of the surrounding residential area, resulting in significant harm to the appearance and local distinctiveness of the area, contrary to saved Thanet Local Plan Policy SP35, QD01, QD02 and paragraphs 122, 127 and 130 of the National Planning Policy Framework.

2 The proposed building, by virtue of its location and relationship with the adjacent residential units, would result in an unacceptable loss of light and outlook from the adjacent property (no.1 Shah Place and 76 Chatham Street), and poor standard of accommodation for future occupants by the use of obscure glazing to rear windows at first and second floor level, significantly detrimental to the amenities enjoyed by the occupiers thereof and future living

conditions of new occupants, contrary to Thanet Local Plan Policies QD03, QD04 and paragraph 117 of the National Planning Policy Framework.

3 The proposed two bedroom units with the scheme would not be provided with a safe doorstep play area for young children, to the detriment of the amenities enjoyed by the occupiers of the proposed two bedroom residential unit, contrary to Thanet Local Plan Policy GI04 and paragraph 127 of the National Planning Policy Framework.

4 The proposed development will result in additional pressure on the Thanet Coast and Sandwich Bay Special Protection Area (SPA), and Sandwich Bay and Hacklinge Marshes Site of Special Scientific Interest (SSSI), and in the absence of an acceptable form of mitigation to relieve the pressure, the proposed development would be contrary to policy SP29 of the Thanet Local Plan and paragraph 177 of the National Planning Policy Framework.
