YOUTH SERVICES PROVISION REVIEW WORKING PARTY

9 JANUARY 2025

A meeting of the Youth Services Provision Review Working Party will be held at **5.30 pm on Thursday, 9 January 2025** via Online Only.

Membership:

Councillor J Bright (Chair); Councillors: Barlow, D Green, Kup, Packman, Pope and Wing

AGENDA

Item
No

Subject

1. **APOLOGIES FOR ABSENCE**

2. **DECLARATION OF INTERESTS** (Pages 3 - 4)

To receive any declarations of interest. Members are advised to consider the advice contained within the Declaration of Interest advice attached to this Agenda. If a Member declares an interest, they should complete the [Declaration of Interest Form](#)

3. **EVIDENCE GATHERING** (Pages 5 - 16)

Please scan this barcode for an electronic copy of this agenda.

This page is intentionally left blank

Do I have a Disclosable Pecuniary Interest and if so what action should I take?

Your Disclosable Pecuniary Interests (DPI) are those interests that are, or should be, listed on your Register of Interest Form.

If you are at a meeting and the subject relating to one of your DPIs is to be discussed, in so far as you are aware of the DPI, you **must** declare the existence **and** explain the nature of the DPI during the declarations of interest agenda item, at the commencement of the item under discussion, or when the interest has become apparent

Once you have declared that you have a DPI (unless you have been granted a dispensation by the Standards Committee or the Monitoring Officer, for which you will have applied to the Monitoring Officer prior to the meeting) you **must**:-

1. Not speak or vote on the matter;
2. Withdraw from the meeting room during the consideration of the matter;
3. Not seek to improperly influence the decision on the matter.

Do I have a significant interest and if so what action should I take?

A significant interest is an interest (other than a DPI or an interest in an Authority Function) which:

1. Affects the financial position of yourself and/or an associated person; or
Relates to the determination of your application for any approval, consent, licence, permission or registration made by, or on your behalf of, you and/or an associated person;
2. And which, in either case, a member of the public with knowledge of the relevant facts would reasonably regard as being so significant that it is likely to prejudice your judgment of the public interest.

An associated person is defined as:

- A family member or any other person with whom you have a close association, including your spouse, civil partner, or somebody with whom you are living as a husband or wife, or as if you are civil partners; or
- Any person or body who employs or has appointed such persons, any firm in which they are a partner, or any company of which they are directors; or
- Any person or body in whom such persons have a beneficial interest in a class of securities exceeding the nominal value of £25,000;
- Any body of which you are in a position of general control or management and to which you are appointed or nominated by the Authority; or
- any body in respect of which you are in a position of general control or management and which:
 - exercises functions of a public nature; or
 - is directed to charitable purposes; or
 - has as its principal purpose or one of its principal purposes the influence of public opinion or policy (including any political party or trade union)

An Authority Function is defined as: -

- Housing - where you are a tenant of the Council provided that those functions do not relate particularly to your tenancy or lease; or
- Any allowance, payment or indemnity given to members of the Council;
- Any ceremonial honour given to members of the Council
- Setting the Council Tax or a precept under the Local Government Finance Act 1992

If you are at a meeting and you think that you have a significant interest then you **must** declare the existence **and** nature of the significant interest at the commencement of the matter, or when the interest has become apparent, or the declarations of interest agenda item.

Once you have declared that you have a significant interest (unless you have been granted a dispensation by the Standards Committee or the Monitoring Officer, for which you will have applied to the Monitoring Officer prior to the meeting) you **must**:-

1. Not speak or vote (unless the public have speaking rights, or you are present to make representations, answer questions or to give evidence relating to the business being discussed in which case you can speak only)
2. Withdraw from the meeting during consideration of the matter or immediately after speaking.
3. Not seek to improperly influence the decision.

Gifts, Benefits and Hospitality

Councillors must declare at meetings any gift, benefit or hospitality with an estimated value (or cumulative value if a series of gifts etc.) of £25 or more. You **must**, at the commencement of the meeting or when the interest becomes apparent, disclose the existence and nature of the gift, benefit or hospitality, the identity of the donor and how the business under consideration relates to that person or body. However you can stay in the meeting unless it constitutes a significant interest, in which case it should be declared as outlined above.

What if I am unsure?

If you are in any doubt, Members are strongly advised to seek advice from the Monitoring Officer or the Committee Services Manager well in advance of the meeting.

If you need to declare an interest then please complete the declaration of [interest form](#).

Evidence Gathering

**Youth Services Provision
Review Working Party**

Ward:

Thanet Wide

Purpose of the Report

The purpose of this report is to consider information gathered through the survey questionnaires sent out to schools around Thanet and TDC officers by the Chair on behalf of the Youth Services Provision Review Working Party.

Recommendation(s):

Members' views are sought on the information collected so far by the working party.

1. Summary of Reasons

- 1.1 The purpose of this report is to consider information gathered through the survey questionnaires sent out to schools around Thanet and TDC officers by the Chair on behalf of the Youth Services Provision Review Working Party. Members may also wish to set out timelines for concluding different activities of this review project, leading to the production of the review report.

2. Background

- 2.1 The Overview and Scrutiny Panel set up the Youth Services Provision Review Working Party at its meeting on 15 October 2024 to investigate and report on the youth services provision in Thanet District.
- 1.2 It is hoped that from this review, the working party could come up with recommendations for consideration by the Panel and subsequently Cabinet.

3. Relevant Issues - Collecting evidence for the review

3.1 A survey questionnaire was sent out to TDC officers and young people across the district. Responses to the questions are detailed in Annexes 1 and 2 to the report.

3.2 Some of the responses from Thanet's young people are as detailed below:

Which area of Thanet do you live?

220 responses

How old are you?

220 responses

Agenda Item 3

Are you a member of the following clubs/organisations/groups? please tick all that apply
220 responses

Which of the following TDC services are of most importance to you personally? (tick all that apply)

220 responses

3.3 Members need to identify any more activities to undertake as part of evidence gathering. These would lead to the production of a report with recommendations to the Overview and Scrutiny Panel at the end of the scrutiny review project.

3.4 The working party could consider requesting additional officers attendance from different service areas across the various council departments to gather any information based on officer experiences. These would be officers whose job roles include engaging youth through a number of council activities in the district. The working party would need to determine how many sessions they need in order for Members to gather adequate information for producing the report.

- 3.5 The review would also need to assess what remains following KCC budget cuts and what is provided by other organisations across Thanet. It was hoped that this would identify where gaps and opportunities for improvement are.
- 3.6 Members may also want to share what they have individually found out through desktop research to identify youth service provision in similarly sized districts in Kent and share such information with the rest of the working party. The working party may also opt to engage Cabinet Members to get their views on this subject before summing up their findings and recommendations.
- 3.7 Annex 3 details the agreed terms of reference of the working party, for members reference.

4. Alternative Options

- 4.1 Members may choose to make changes to their approach for the review and a timeline of activities for conducting the review. This could include amending the list of key activities for the review and when these should be done by. This information would be used to send out further appointments to the members and officers as is appropriate.
- 4.2 Members could simply agree to carry on with their current approach for conducting the scrutiny review and assign officers in Democratic Services to liaise with officers in the appropriate service areas to arrange meetings and activities for the review.

Next Steps

- 4.3 The following is a proposed generic and indicative timetable which Members can review and amend at the first meeting.

Jan 2025: review of information and drafting the working party report;
Jan 2025: review of draft report by the working party;
Jan 2025: draft report reviewed by CMT;
Feb 2025: presentation of Final report to the Overview and Scrutiny Panel.

5. Consultation

- 5.1 There is no requirement to conduct a consultation on this matter. However as part of the investigations by the working party, if Members feel the need to engage the public they could conduct witnesses sessions as part of evidence gathering exercise before writing up their report.

6. Corporate Implications

6.1 Finance and Resources

- 6.1.1 There are no financial implications arising directly from this report. However any funding by Thanet District Council for youth services in the district would mean

additional expenditure by the Council. Funding sources would have to be identified in the budget, subsequent to the recommendations being adopted by the Council.

6.2 Legal and Constitutional

6.2.1 The role of scrutiny is set out in section 9F of the Local Government Act 2000. The council must also have regard to the statutory guidance on Overview and Scrutiny from the ministry of Housing, Communities and Local Government when exercising its functions.

6.3 Council Policies and Priorities

6.3.1 This report relates to the following corporate priorities: -

- To create a thriving place
- To work efficiently for you

6.4 Risk

6.4.1 There are risks arising directly from this report.

6.5 Climate Change and Biodiversity

6.5.1 There are no climate change and biodiversity implications arising directly from this report.

7. Equality, Equity and Diversity Implications

7.1 There are no equity, equality and diversity implications arising directly from this report. However the Council needs to retain a strong focus and understanding on issues of diversity amongst the local community and ensure service delivery matches these.

7.2 It was important to be aware of the Council's responsibility under the Public Sector Equality Duty (PSED) and show evidence that due consideration has been given to the equalities impact that may be brought upon communities by the decisions made by Council.

8. Crime and Disorder Implications and Community impact

8.1 There are no crime and disorder implications and community impact arising directly from this report.

9. Subject History

9.1 The Overview and Scrutiny Panel identified a number of scrutiny topics in the 2024/25 municipal year. They prioritised these topics in order to tackle one review at a time. Any topics from the priority list that were not investigated in 2023/24 were brought forward to 2024/25 and agreed for inclusion in the work programme by the Panel.

Agenda Item 3 Annex 1

Thanet Youth Service Delivery Review

The Overview and Scrutiny panel have agreed to set up a working party to review the way TDC delivers its services for young people (13-19 year olds) and to make recommendations for improvement to help Thanet's young residents to thrive. To identify what TDC are already doing and what does and doesn't work well, we would like all senior officers in each department to complete this Google Form.

It is important to note that this part of the review is concerned with service delivery for young people, which is distinct from KCC's statutory duty to provide youth services and activities. The review will investigate how TDC departments specifically engage with, and serve young people, as residents of Thanet.

Many thanks for your time.

Please state your department and a brief description of the service you provide *

Head of Housing and Planning - department includes specifically Housing Options department, Private Sector Housing, which specifically affects Young People due to homelessness and housing issues

How does your department provide for young people in Thanet? Please specify whether this is direct or indirect provision. *

Indirectly we would support young people who find themselves homeless, by trying to secure accommodation for them. There used to be specifically properties for young people provided by KCC but they no longer provide this service. However since the closing of the accommodation for young people (16-25) we did not see a significant increase in approaches to our service = although we do still have approaches from young people. We are also approached by YP who's parents will no longer accommodate them.

How does your department engage and communicate with young people in Thanet? *

No specific engagement with YP

Agenda Item 3

Annex 1

Give an example/s of a specific departmental project involving young people that worked well *

U/K

Give an example/s of a specific departmental project involving young people that didn't work well *

N/a

What are the barriers and challenges to effectively providing your services to young people? *

From a housing perspective - young people require ongoing support to maintain tenancies which is not something we can provide and something that Kent no longer provide. YP sometimes find themselves homeless again and again without the necessary support.

Please feel free to add any other suggestions or comments about how TDC could work more effectively for young people

This form was created inside EKS Partnership.

Agenda Item 3

Annex 1

Thanet Youth Service Delivery Review

The Overview and Scrutiny panel have agreed to set up a working party to review the way TDC delivers its services for young people (13-19 year olds) and to make recommendations for improvement to help Thanet's young residents to thrive. To identify what TDC are already doing and what does and doesn't work well, we would like all senior officers in each department to complete this Google Form.

It is important to note that this part of the review is concerned with service delivery for young people, which is distinct from KCC's statutory duty to provide youth services and activities. The review will investigate how TDC departments specifically engage with, and serve young people, as residents of Thanet.

Many thanks for your time.

Please state your department and a brief description of the service you provide *

Tenant and Leaseholder Services - management of the councils social housing stock

How does your department provide for young people in Thanet? Please specify whether this is direct or indirect provision. *

We providing housing for single people and families this includes young people that come out of care and into one of our properties. - therefore direct provision

How does your department engage and communicate with young people in Thanet? *

we communicate with all tenants through newsletters and surveys - our communication is broad for all tenants regardless of age. We try and reach different groups by varying our communication method - ie text message, email, post

Give an example/s of a specific departmental project involving young people that worked well *

We are running a consultation on playgrounds. These have been successful and engaged the children of families that use the playgrounds

Agenda Item 3

Annex 1

Give an example/s of a specific departmental project involving young people that didn't work well *

we do not specifically target young people for engagement activities - which are open to all. - but we have very little engagement from young people

What are the barriers and challenges to effectively providing your services to young people? *

where we have had direct communication with young people, with their own tenancy, through complaints, the challenge has been that they are incredibly vulnerable and require a lot of support - over and above the resources and skills that are available in the team

Please feel free to add any other suggestions or comments about how TDC could work more effectively for young people

We want to find our youth voice by engaging with older/adult children living in a family home and young people that have their own tenancy. This makes up part of our action plan for service improvement and ensuring compliance with the revised Consumer Standards - it is a work in progress

The review will investigate how TDC departments specifically engage with, and serve young people, as residents of Thanet.

Many thanks for your time.

Please state your department and a brief description of the service you provide *

Open Spaces

How does your department provide for young people in Thanet? Please specify whether this is direct or indirect provision. *

Informal recreation through play areas, teen areas and MUGA's etc. Additionally, formal sports provision through leased or rented open space for football, american football or cricket.

How does your department engage and communicate with young people in Thanet? *

We do not do this directly. This would be done through the youth football/sports clubs

Give an example/s of a specific departmental project involving young people that worked well *

Only through providing provision such as skate parks, MUGA's etc.

Agenda Item 3

Annex 1

Give an example/s of a specific departmental project involving young people that didn't work well *

N/A

What are the barriers and challenges to effectively providing your services to young people? *

N/A

Please feel free to add any other suggestions or comments about how TDC could work more effectively for young people

Happy to work more closely with other departments to offer youth activities on TDC's open spaces.

Thanet Youth Service Delivery Review

The Overview and Scrutiny panel have agreed to set up a working party to review the way TDC delivers its services for young people (13-19 year olds) and to make recommendations for improvement to help Thanet's young residents to thrive. To identify what TDC are already doing and what does and doesn't work well, we would like all senior officers in each department to complete this Google Form.

It is important to note that this part of the review is concerned with service delivery for young people, which is distinct from KCC's statutory duty to provide youth services and activities. The review will investigate how TDC departments specifically engage with, and serve young people, as residents of Thanet.

Many thanks for your time.

Please state your department and a brief description of the service you provide *

Coast and Engineering Services are responsible for the Beach and Coast, Engineering and Emergency Planning services. Beach and Coast is responsible for all things to do with the amenity aspect of the coastline, including water safety, Coastal PSPO and access. Engineering are responsible for the 19 miles of coastal assets including sea walls, promenades and other coastal infrastructure, flooding and civil engineering and construction project delivery. Emergency Planning is responsible for TDC's arrangements under the Civil Contingencies Act 2004

How does your department provide for young people in Thanet? Please specify whether this is direct or indirect provision. *

Direct and Indirect: The Beach and Coast Team organises many educational activities focusing on coastal activities, Environmental issues, biodiversity, personal safety and safeguarding. The department also manages the Thanet Coast Project and Bird Wise. We have an educational resources page on Thanet.gov.uk: <https://www.thanet.gov.uk/info-pages/educational-resources/>

How does your department engage and communicate with young people in Thanet? *

Through the school's outreach program, demonstrations, research, workshops, fun activities, organised visits, competitions, online resources, curriculum linked projects, social media campaigns and newsletters.

Agenda Item 3

Annex 1

Give an example/s of a specific departmental project involving young people that worked well *

AQA litter picking project with schools and Bin it to the beat litter picking projects have been well attended and received by participants.

Give an example/s of a specific departmental project involving young people that didn't work well *

N/A

What are the barriers and challenges to effectively providing your services to young people? *

Budget shortfall at TDC and Schools for educational equipment. Schools have tight schedules, it can be difficult to make appointments. Educating people from outside of Thanet is a challenge due to finding the right people to talk to and how to approach them about issues local to Thanet.

Please feel free to add any other suggestions or comments about how TDC could work more effectively for young people

Increase funding allocation for educational activities.
Raise the profile of existing education based resources such as the Thanet Coast Project.
Develop partnership working so that we can offer a package of educational activities to be delivered at the same time with partner organisations.
Increased funding will enable educational activities that are more exciting and attractive to young people.

This form was created inside EKS Partnership.

**YOUTH SERVICES PROVISION REVIEW WORKING PARTY DRAFT
TERMS OF REFERENCE**

Aim:

- To improve how the council engages with, and provides for, young people in Thanet:
 - Identify what we're doing and what we've done in the past that's worked well
 - Learn from feedback from local young people to establish what can be improved
 - Consider how other comparable authorities work for young people
 - Produce case studies and make recommendations to Council
 - Communicate more effectively with young people

Proposed Terms of Reference:

- This review focuses on the lives of 'young people', specifically 13-19 year olds (and those with learning difficulties, up to 24 years old)
- It is concerned with the services TDC delivers for young people (this is distinct from KCC's statutory duty to provide youth services and activities)
- It will investigate how TDC departments specifically engage with, and serve young people, as residents of Thanet.
- It will prioritise the voices and experiences of local young people to determine where improvements to service provision can be made.
- It will identify, as far as possible, all the different kinds of youth provision that exists in Thanet and build an up-to-date list of youth worker contacts. This will help TDC to reach more of the district's young people and improve communications with them.
- It will set out recommendations to council which will hopefully lead to more effective and efficient service provision across departments to allow more young people to thrive.

Proposed Methodology:

- 1) Survey/interview senior TDC officers from each department to establish how they are already serving young people – Louise, Penny, Jo-Anna, Hannah, Ingrid, Tony, Mike, Bob, Matt, Adrian (Google Meet/google forms?)
- 2) Consult with Thanet Youth Council, Pie Factory, Pavilion Youth Cafe, Northdown Road Family Hub, Inspiration Creative (as a start) to ask for case

Agenda Item 3

Annex 3

studies/personal experiences from 13-19 year olds, to paint a picture of what it's like to be a young person living in Thanet and what improvements they'd like to see. This can be presented as creatively as they wish.

- 3) Email all TDC and Town/Parish councillors to help collate a list of all youth groups, clubs, services, in each ward.
- 4) Use the list to reach out to as many youth workers as possible to determine what the challenges and barriers are for young people accessing their clubs/service and what they believe would improve the lives of young people in Thanet (google form?)
- 5) Undertake desk research comparing different Councils' approaches (Working Group members)
- 6) Put together a presentation to include TDC officer responses, the views and experiences of young people, the views and ideas of youth workers, and comparisons with other councils (Working Group members)
- 7) Compile report & recommendations (Working Group members with Charles)

Suggested Timetable

- Nov 2024: Initial meeting with officers from the Neighbourhoods/community team
- Nov 2024: Send google form/email to all senior officers to find out how they engage with and provide for young people.
- Dec 2024: Meet with youth council to get their opinions about the review's aim and how we can obtain young people's experiences/suggestions.
- Dec 2024: Present terms of reference to the O&S panel for approval.
- Dec 2024: Meet with parish forum to ask for assistance with compiling list of local clubs, community groups, services for young people. Email all councillors to tap into their local knowledge, too.
- Dec/Jan 2024: Contact youth groups to ask 13-19yr olds to submit examples of their experiences of being a young person in Thanet. These can be in any format. The idea is to create a picture and to consider areas for improvement.
- Jan 2025: Review of information and drafting the working party report;
- Feb 2025: Review of draft report by the working party;
- Feb 2025: Draft report reviewed by CMT;
- Mar 2025: Presentation of Final report to the Overview and Scrutiny Panel.

Ways in which district councils could engage with and provide for young people:

- Providing apprenticeships/work experience opportunities/training
- Facilitating access to open spaces, services and information
- Funding & promoting youth groups/activities/events
- Celebrating achievements through award schemes

Agenda Item 3

Annex 3

- Building strong, collaborative relationships with youth organisations, schools etc
- Employing youth workers, people with experience/qualifications working with young people (esp on community team and communications team)
- Encouraging democratic engagement, citizenship, youth voice (youth council/forums)
- Promoting youth safety (knife crime, county lines, dangerous driving, substance misuse, online safety, VAWG etc)
- Supporting mental health and well-being
- Addressing youth homelessness (providing temporary accommodation and more council homes)
- Providing play areas and recreational space.
- Involving young people in the design and planning of facilities of interest
- Consulting with young people through surveys/questionnaires to inform decision making.
- Attending job fairs to encourage youth employment
