Subject: Polling Districts - Beacon Ward Broadstairs

Hello

I agree that the 2 polling stations for this ward are totally adequate and fairly central to most.

However, during the last election, I noticed that a few roads (eg Reading Street Road) are located very near to the St Andrews polling station in Reading Street and yet are allocated to the Westover station which is some distance away.

Could I suggest that prior to the next election, the split of roads between the two stations is reviewed.

Best wishes

Rosalind Binks
