

Governance and Audit Committee

ANNUAL REPORT 2011/12

Foreword by Councillor Jason Savage, Chairman of the Governance and Audit Committee

I am pleased to introduce the annual report of the Governance and Audit Committee covering the year to 31 March 2012. During the year, the Committee has continued to build in strength and effectiveness and this was evidenced by increased interest and attendance by other Members of the council.

Good governance is important to all officers and members of Thanet District Council. It is a key responsibility for the Leader and Chief Executive, and it is also important for other Members of Cabinet, full Council and Senior Management Team, and in particular the Governance and Audit Committee who are responsible for monitoring and providing assurance on our governance arrangements.

I would like to take this opportunity to thank my fellow committee members for their attendance and contributions towards the Committee's objectives during the year, and also to officers of the council for their professional approach to governance matters and to the business of the Governance and Audit Committee.

1.0 Introduction and Background

- 1.1 The council established a Governance and Audit Committee in March 2006. Whilst there is no statutory obligation to have an Audit Committee, they are widely recognised as a core component of effective governance. In recent years there has been a significant amount of regulation and guidance issues in governance arrangements for private and public sector bodies, the common feature of governance arrangements being the existence of an Audit Committee.
- 1.2 The purpose of the council's Governance and Audit Committee is to provide independent assurance of the adequacy of the risk management framework and the associated control environment, independent review of the authority's financial and non financial performance to the extent that it affects the authority's exposure to risk and weakens the control environment, and to oversee the financial reporting process.
- 1.3 There are many benefits to be gained from an effective Audit Committee. In fulfilling its role the Committee will:
 - reduce the risks of illegal or improper acts;
 - reinforce the importance and independence of internal and external Audit;
 - increase confidence in the objectivity and fairness of financial reporting.
- 1.4 Stricter internal control and the establishment of a Governance and Audit Committee can never eliminate the risks of serious fraud, misconduct or misrepresentation of the financial position. However, it will:
 - give additional assurance through a process of independent and objective review; and
 - raise awareness of the need for internal control and the implementation of audit recommendations.

2.0 Membership

2.1 For the period June to September 2011 the Governance and Audit Committee comprised of eight members, this increased to nine members in December 2011 and met on six occasions. Committee agenda papers and minutes are available on the council's website (www.thanet.gov.uk). There were some changes to the membership during the year, but this did not impact on the effectiveness of the Committee.

4.0 Review of the Governance and Audit Committee's effectiveness

- 4.1 The Governance and Audit Committee should ensure it has effective communication with the authority, to include the Executive, the Head of Internal Audit, the External Auditor and other stakeholders. Consequently it is considered to be best practice for the Committee to be self aware and to submit an annual report to Council.
- 4.2 A meeting was held with the Chairman, Councillor Jason Savage; the Vice Chairman, Councillor Peter Campbell; the Audit Manager, Simon Webb and the Business Support and Compliance Manager, Nikki Morris to review the Committees terms of reference to specifically evidence how the Committee achieved against them and prepare this annual report.
- 4.3 The annual report summarises the work of the Committee for the year and concludes that it has received clear, concise and relevant information, regular training events on topics specific to the business of the Committee, and has done all that it can to meet the aims and objectives for the Committee in the best way that it can.

5.0 Annual Report

- 5.1 The Governance and Audit Committee is assured on the integrity and reliability of data held in the financial statement. It receives clear, concise reports and actions are dealt with in an appropriate timescale. The members of the Committee receive specific training in order to assist them with their role in receiving comprehensive assurance from the accounting officer.
- 5.2 The work of internal and external audit provides detailed assurance on the reliability and integrity of the information held in the financial statements as well as on the key control framework in operation across the council.

- 5.3 The assurances from the accounting officer, the work of internal and external audit together support the Committee in forming their opinion of the financial statements, enabling them to agree to sign them off in accordance with regulations.
- 5.4 The Committee receives a regular report on agreed actions from the Annual Governance Statement process. It also reviews the Councils Governance Framework and Local Code of Corporate Governance.
- 5.5 The Committee reviews the Risk Management Strategy on a regular basis and considers the effectiveness of the risk management process both through the work of internal audit and through receiving quarterly risk management reports.
- 5.6 The Committee considers the effectiveness of the internal audit arrangements by reviewing the annual assessment of the Chief Executive (Section 151 Officer), the view of external audit and the quality of reports, actions and follow ups through the quarterly reports submitted throughout the year to Committee.
- 5.7 The Committee is able to request service managers and, where necessary, the relevant portfolio holder to attend the Committee to give an update on progress against agreed actions to reduce risk and/or improve governance.
- 5.8 The Chairman, Vice Chairman and Officers considered the effectiveness of the Committee against the terms of reference at a meeting on the 22 February 2012 and 4 actions were identified which are recommended that will improve performance against best practice for the forthcoming year. The evidence demonstrating achievement of the Committees terms of reference is attached at Annex 1.
- 5.9 The recommended actions are listed in annex 2 attached to this report. They will be incorporated into the councils Annual Governance Statement (AGS) for 2011/12 and then reviewed on a quarterly basis through the AGS action plan. All actions from previous years have now been completed.
- 5.10 The terms of reference for the Committee were also reviewed and changes recommended which the Governance and Audit Committee considered at its meeting on the 20 March 2012.

6.0 Future Challenges

- 6.1 The Governance and Audit Committee will continue with its existing duties whilst continually striving to achieve best practice where this is feasible and affordable. In the forthcoming year, the Committee will need to satisfy itself that shared services are complying with our governance arrangements.
