1. Foreword

Welcome to our partnership plan for 2014-15, which outlines how we are going to collectively tackle Community Safety issues in Thanet. This plan sets out our performance over the last 12 months, identifies priority areas for the next year and outlines what we are going to do to improve them.

For 2012-13 the partnership agreed to focus on; Anti Social Behaviour (ASB), Domestic Abuse, Substance Misuse, Violent Crime and Acquisitive Crime and 36 multi agency actions were agreed by partners under these themes.

To date, 22 actions have been completed, 9 remain ongoing and due for completion by the end of the financial year and four actions are proposed to form part of this years plan due to changes to legislation which prevented their commencement.

We would like to thank all of the agencies within the partnership, who have jointly worked to achieve a number of positive outcomes including, implementing three Dispersal Orders to be more equipped in tackling ASB, delivering training inputs to multi skill officers and improve efficiency, raise awareness about loan sharking and the impact of violent crime and have facilitated an extensive property marking scheme for victims of burglary.

In the monitoring period of 01 October 2012 – 30 September 2013, Thanet has seen an increase in crime, of 3.9%, which equates to an additional 400 offences. This is slightly higher than the Kent average of a 3.7% increase, but is consistent with increases seen across Kent. Reports of Anti Social Behaviour to Kent Police have seen a decrease of 811 incidents¹, however reports to Thanet District Council for ASB including noise nuisance, flytipping and abandoned vehicles, have seen an increase of 581 incidents, compared to the previous year.

Thanet continues to have the highest levels of Domestic Abuse in the county, with 710 or the 2894 incidents recorded as being repeat. Violence Against the Person, Theft and Burglary offences have also all seen increases in the last year.

The Community Safety landscape continues to evolve and the partnership continues to face challenges in having to adapt the way services and initiatives are delivered.

Further legislative changes by the government are to be finalised this year to give practitioners a new toolkit to robustly tackle Anti social Behaviour. The Transforming Rehabilitation agenda will also change the way the offenders are managed and the how the partnership works to reduce reoffending. This year has also seen the introduction of Health and Wellbeing Boards and the integration of Clinical Commissioning groups into the partnership.

The Kent Police and Crime Commissioner has pledged to continue to support Community Safety Partnerships and has agreed a grant of £34,317 for 2014-15 to support activity. This will mainly be spent by the agencies to help deliver the actions in the plan but some will also used to form a 'Community Safety Fund' that local groups can bid for to help tackle issues in their ward or street.

A review of this year's data recommends keeping the focus areas as **Anti Social Behaviour**, **Domestic Abuse**, **Violent Crime**, **Substance Misuse** and **Acquisitive Crime** however also recommends the inclusion of **Road Safety** and **Public Perceptions**, in acknowledgement of resident concerns and a renewed need for the partnership to be promoting itself more effectively. This also aligns with the Kent Community Safety County focus areas for 2011-14.

Chief Inspector Nick Gossett

CIIr Iris Johnston

Thanet District Commander

Cabinet member for Community Safety Thanet District Council

2. Background and context

The Crime and Disorder Act 1998, changed the way crime and anti-social behaviour was to be tackled, as it recognised that in order to be effective, agencies needed to work together to address the issues collectively. Each local area formed a Crime and Disorder Reduction Partnership (CDRP) which are now called Community Safety Partnerships (CSP's).

Who are the partnership?

Thanet's Community Safety Partnership is made up of key statutory partners that have to ensure specific obligations such as public engagement and delivery of an action plan are met.

Our statutory partners are: Thanet District Council, Kent County Council, Kent Police, Kent Fire and Rescue Service, Kent Probation and Thanet Clinical Commissioning Groups (which have the responsibility for health services locally). We also work with a large number of public and private sector partners as well as voluntary and community groups to collectively implement and deliver initiatives that will help all areas of Thanet become a safe place to live, work and visit.

Why do we have a plan?

The Crime and Disorder Act 1998 places obligations on the Community Safety Partnership to produce an annual Community Safety Plan, to outline how all partners intend to work together to impact upon crime and disorder, substance misuse and reduce reoffending in the local area.

How does this link with the national, county and local context?

In developing this plan a number of relevant strategies and plans were considered. This ensures that we comply with relevant national and local strategic direction. These plans include but are not limited to:

- Legal Aid, Sentencing and Punishment of Offenders Act 2012
- Protection of Freedoms Act 2012
- Police Reform and Social Responsibility Act 2011
- Anti Social Behavior, Crime and Policing Bill 2013-14
- Offender Rehabilitation Bill 2013-14
- Children and Families Bill 2013-14
- Helping Troubled Families turn their lives around (Home Office 2013)
- Police Crime Commissioner Plan 2013-17
- Kent and Medway Community Safety Agreement 2014-15
- Kent and Medway Domestic Abuse Strategy 2013- 16
- Kent Policing Plan 2011-15
- Kent and Medway Strategic Plan for Reducing Reoffending (2012-15)
- Kent Fire and Rescue Service Road Safety Plan (2013-15)
- Thanet District Council Corporate Plan 2012-16

3. Key achievements for 2013/14

Last year's community safety plan focused on Anti-Social Behaviour, Domestic Abuse, Substance Misuse, Violent Crime and Acquisitive Crime. 36 actions were set and to date 22 have been completed with 9 still ongoing and due for completion by the end of the financial year. Four actions have been delayed due to changes to the Anti-Social Behaviour tools and powers and will form part of this years plan.

Anti Social Behaviour

- The partnership facilitated a training event for over 30 partners, to multi skill officers and enable more appropriate signposting.
- 42 high risk or complex cases have been referred for multi agency support through the
 partnership's ASB panel process. 36 cases have now been closed following collaborative
 interventions. The panel has also been extended to incorporate the Margate Task Force,
 Selective Licensing and Troubled Families.
- Enforcement action has been taken successfully on a number of cases, this has included 25 formal warning letters issued by officers, 14 acceptable behaviour agreements issued to those causing nuisance behaviour within our communities.
- Three dispersal orders have been implemented, two in Margate Mill Lane and Albion Road and one in Leopold St, Ramsgate. This has given police additional powers to tackle nuisance groups.
- The partnership has also increased working with mental health practitioners to most appropriately tackle offending behaviour.
- We have improved and streamlined evidence gathering processes to prevent duplication and enable a more effective service to be provided to victims. This means that whether you report something to police or the Council it will be dealt with in the same way.

Domestic Abuse

- Partners have continued to run regular seasonal awareness campaigns aligned with national campaigns.
- A joint domestic abuse support car operation, staffed with Police Officers and Independent Domestic Violence Advisors, ran for 10 nights during December and attended 23 incidents to support victims, capture evidence and signpost to additional support services.
- A mentoring program has been set up to support young men at risk of instigating abuse in relationships and sessions have been delivered in secondary schools to over 250 young people, encouraging them to have positive relationships.

Violent Crime

- Police have delivered sessions to raise awareness around violent crime, guns and knives, to over 1300 secondary school students across 13 schools in Thanet.
- Multi agency partners have supported the loan shark awareness week of action in January 2014 to encourage reporting and gather intelligence locally.
- A specialist diversionary sports program has been created and delivered to young people to
 foster better cohesion in communities. Whilst undertaking the sports activities these young
 people are educated on the need to co-operate with each other both in school and in their
 communities. To date over 30 young people have attended the session from a range of ethnic
 backgrounds.

Substance Misuse

- Signage has been installed in targeted locations to raise awareness of the Designated Public Places Order (DPPO) which aims to tackle anti-social drinking in public places. Over 50 confiscations of alcohol have been made in these hotspots.
- Service provision provided by Turning Point has been integrated into the partnership. Outreach
 workers have delivered additional sessions to engage with hard to reach individuals misusing
 substances.
- Kent Fire and Rescue Service have delivered two Youth Engagement Around Road Safety (YEARS) courses in Thanet in liaison with the Youth Offending Service.
- Targeted multi-agency evening operations have been delivered with Trading Standards, Kent Police and Council teams to tackle underage sales and licensed premises.

Acquisitive Crime

- 26 visits checking second hand goods and car boot sales for stolen items have been carried out by officers from Kent County Council's trading Standards teams and local Police officers.
- The Smartwater property marking scheme has been expanded and KCC Wardens and Police Community Support Officers have given advice to over 100 people and marked items in 49 vulnerable properties.
- Seasonal burglary awareness has been delivered by putting balloons through open windows, over 800 properties were visited checking for open windows with the owners not at home during the summer and home security advice was given to 107 people.

4. How does it all work?

Strategic Assessment

The Community Safety Partnership has to identify emerging crime and disorder trends and this is done through the production of a Strategic Assessment of the district. Data is analysed from all of the partners to produce recommended priorities.

The priorities are then compared with other districts and ranked against a number of factors, including volume, trend over time, resident's perception and how much it is felt the partnership can influence. The top ranked priorities are analysed in depth, to help guide practitioners in formulating actions that they feel will have an impact on each priority. Residents are also consulted at the same time on the list of the top priorities to ensure we understand the issues that impact them the most.

Stakeholder Consultation

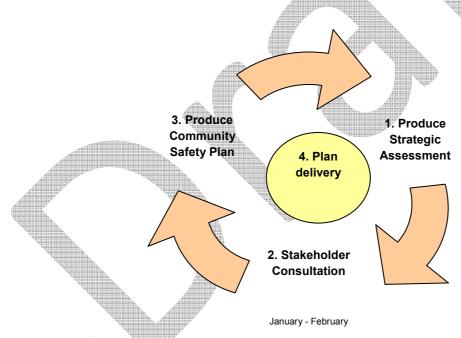

Each year we ensure that we consult on Community Safety priorities with residents and partners and also ensure we are accountable by feeding back on our progress. We do this by meeting with residents at the community safety forum and neighbourhood engagement meetings as well as holding practitioner meetings throughout the year.

In December we held a Community Safety conference for practitioners to review provisional priorities and in February ran a consultation event asking for residents views.

Producing the Plan

Following on from the data assessment and partner/public consultation, specific actions are developed that aim to make an impact on the priority issues that we have established. These actions are finally reviewed and agreed by the senior managers in the relevant agencies and scrutinised by the Council's political groups.

The plan is then delivered throughout the financial year of April – March, with regular performance monitoring to make sure we are achieving what we set out to.

5. Priorities for 2014/15

The following areas were identified through the Strategic Assessment and resident consultation and are recommended as priorities for the 2014-15 partnership plan. They also align with the County Community Safety Agreement for 2014-15.

Anti-Social Behaviour

Anti-social behaviour (ASB) can be defined as "behaviour likely to cause harassment, alarm or distress". (Crime and Disorder Act 1998). It can include incidents of neighbour nuisance, problem groups, graffiti, flytipping, deliberate fires or nuisance vehicles.

Overall there has been a decrease in the number of reports of ASB to Kent Police but an increase in reports to Thanet District Council.

Thanet has the highest levels of Anti-Social Behaviour in the County. 5988 incidents of ASB were reported to Kent Police for 01 October 2012 – 30 September 13, compared to 6801 in the previous year. An additional 3185 incidents were reported to Thanet District Council departments which included reports of noise nuisance, graffiti, abandoned vehicles and flytipping.

Analysis highlights that Margate Central, Cliftonville West, Central Harbour and Eastcliff wards experience the highest volumes of ASB. Thanet has the highest levels of ASB in the County.

Through this plan we aim to:

- Identify and actively target offenders and hot spot locations.
- Provide support to victims and witnesses
- Empower communities to tackle ASB
- Divert those at risk from becoming involved in ASB

Domestic Abuse

Domestic abuse is any incident or pattern of incident of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over by a current or previous partner or family member.

For 01 October 2012 – 30 September 2013, 2894 incidents of domestic abuse were recorded for Thanet, of those 710 are recorded as repeat. Thanet has the highest levels of Domestic Abuse in the county.

Analysing local postcode data based around caseloads, high volumes can be seen with clients in the Cliftonville West ward, indicated by the CT9 (2) postcode prefix and Newington and Northwood wards, indicated by CT12 (6).

Through this plan we aim to:

- Challenge underlying attitudes and behaviours through raising awareness.
- Break the cycle of abuse and intervene early with those at risk.
- Identify and support victims of domestic abuse
- Increase provision for low and medium risk victims
- Take action to ensure perpetrators are brought to justice
- Work with other partners to obtain the best outcomes for those affected by domestic abuse and their families.

Violent Crime

Violent crime is the sum of violence offences where the offender has used, or threatened to use force, whether or not there is any injury.

Thanet has seen an increase in Violence Against the Person (VAP) offences, with 2503 incidents reported from 01 October – 30 September 2013. The highest levels can be seen in the Margate Central and Cliftonville West wards.

Through this plan we aim to:

- Robustly tackle violence associated with Night time Economy Disorder
- Identify young people involved with violent crime
- Identify and target repeat offenders who are exploiting vulnerable groups
- Identify and disrupt gang activity
- Prevent further placements of vulnerable people into sensitive locations
- Raise awareness of violent extremism

Substance Misuse

Substance misuse is the inappropriate use of substances such as drugs and alcohol to the extent where the use is having a negative impact on an individuals wellbeing, that of their family or the wider community. This can also include the misuse of legal highs and solvents.

Thanet has the highest volume of drug offences in the county. For the available data period of April 2012 – March 2013 recorded by Kent Police, there were 447 recorded drug offences. This was an increase of 26 incidents compared to the previous year.

Public perceptions recorded through the Kent Crime and Victimisation Survey, of people using or dealing drugs have improved compared to previous years, with 9.3% of people reporting to it being a 'very' or 'fairly' big problem in their area.

Between 1st June 2012- 21st May 2013, 496 people were admitted into hospital for mental and behavioural disorders due to psychoactive substance use², with 162 being repeat admissions.³ The majority of those admissions were from Margate Central, Eastcliff, Cliftonville West and Central Harbour wards.

Between 1st June 2012- 21st May 2013 108 individuals were admitted into hospital for alcohol related involvement, 12 were repeat admissions. Of those that disclosed their place of residence, the majority came from Cliftonville West (16.6%), Eastcliff (14.2%). Men aged between 40-44 and women aged between 44-49 have the highest admissions occurrences.

Through this plan we aim to:

- Reduce demand of substances
- Restrict the supply of substances
- · Raise awareness of the risk of harm
- Target and disrupt groups actively misusing
- Identify and support those at risk of being exploited through substance abuse

Acquisitive crime

Acquisitive crime is defined as offences where the offender derives material gain from the crime and is usually considered the sum of a number of 'theft related' offences, including domestic burglary, shoplifting and vehicle thefts.

A review of acquisitive crime offences, shows Thanet has the highest volume of burglary dwelling offences in the county. For 01 October 2012 – 30 September 2013, 893 incidents were recorded. This is considerably higher than other districts, with the next highest volume being Canterbury with 512 incidents.

For the same period, there were 970 recorded incidents of shoplifting, which is an increase of 95 compared to the previous year. Theft of a pedal cycle has also seen an increase of 49 offences, with 316 incidents recorded. Thefts from motor vehicles have decresed by one incidents, with 614 incidents recorded for the reporting period

Through this plan we aim to:

- Support victims of acquisitive crime
- · Disrupt the supply of second hand goods

9

² Psychoactive substance use included substances such as alcohol, opioids, cannabis, sedatives, hypnotics, cocaine, but does not include tobacco.

³ Data provided by KCC Public Health

- Increase preventative campaigns
- Divert young and first time offenders
- Actively target prolific and repeat acquisitive crime offenders

Road Safety

Road Safety refers to methods and measures for reducing the risk of a person using the road networks. This is a new priority for the partnership, for 2014-15 although has been a focus area for the County Community Safety Agreement in previous years.

30.2%⁴ of Thanet residents, asked as part of the Kent Crime and Victimisation Survey, feel that speeding vehicles is a very or fairly big issue in their area. This is a slight decrease compared to the previous year, in which 34.9%⁵ of people asked, felt it was an issue. Thanet has the highest perceptions in the county, despite the perceptions in other districts having shown increases.

From January – September, Thanet has seen an increase in 49 casualties, with 354 recorded for 2013. Compared to other districts, Thanet is fourth in the county. Casualties of drivers aged 17-24 is the lowest in the county, but has the highest levels of child casualties and powered two wheelers.

Through this plan we aim to:

- Raise awareness of the key reasons for accidents
- Deliver preventative campaigns for speeding
- Educate road users to influence behavior change
- Engage other partners to improve road safety

Public and Agency Engagement

Public perceptions relate to what our communities believe to be the truth about crime and community safety and how confident and safe they feel in their local area.

Each agency will hold a huge amount of information that can be shared with others to help inform actions and make interventions. Frontline staff also need to be aware of the priorities and actions and how they contribute to the delivery of this plan.

Through this plan we aim to:

- Foster positive relationships with our communities
- Provide accessible and transparent Community Safety services
- Identify issues that matter most to residents and work in partnership to find solutions
- Raise the profile of the partnership and projects
- Present regular, accurate information about progress of the Partnership and the agency work
- Share information amongst the partners

Emerging Issues and Actions

The following pages show more specific issues that need to be tackled over the next year by the agencies that help contribute to the priorities above. These have been developed using the statistics, comments from partners and by the public.

⁴ Kent Crime and Victimisation Survey Rolling year ending March 2013

⁵ Kent Crime and Victimisation Survey Rolling year ending March 2012

A core set of principles will be used in all of the issues

- Prevention wherever possible,
- Early intervention,
- Targeting prolific offenders,
- Targeting resources to hotspot areas
- Supporting victims

These emerging issues and proposed actions will be subject to change throughout the year to enable partners to re-direct resources and respond to changes in real-time. The CSP executive board will be responsible for monitoring the delivery of actions and this will be independently scrutinized by the district's CSP working party.

		Which orities		s this		ıct	Lead agency Measures of

Appendices

i. Partnership structure

Agencies of the partnership meet throughout the year via a number of different forums aimed at coordinating activity, monitoring trends and ensuring clear information sharing. The partnership also oversees a comprehensive system of consultation with residents through its public engagement structure.

Agency Meetings

Community Safety Partnership Executive Group

Is made up of senior managers from the statutory agencies and other partners who act as a board overseeing the decisions and direction of the partnership. They are responsible for agreeing and ensuring their organisations help to implement the Community Safety Plan.

Community Safety Partnership Scrutiny working group

This group is coordinated by the District Council political members and provides a scrutiny function, ensuring all processes have been complied with and that partners are working together. The group also oversees strategic planning and makes recommendations on the decisions of the partnership.

Community Safety Conference

This is an annual practitioner meeting where the strategic assessment data is reviewed and verified by wider partners, best practice is shared and ideas generated to inform and draft the annual community safety plan.

Community Safety Partnership Delivery group(s)

Delivery groups are set up to for the delivery of a specific partnership initiative, or as a response to a sudden emerging trend. They meet as frequently as is required and feed back to the Community Safety Partnership Executive Group.

Multi-Agency ASB Case Panel

Is an operational panel that meets monthly and is attended by front line practitioners to review and discuss high and medium risk ASB cases that require multi agency provision. This is to ensure joined up working, prevent duplication and ensure information is shared reducing the chance of cases being ignored.

Public Meetings

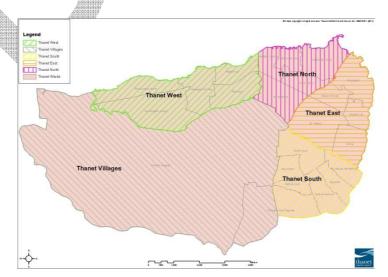

Community Safety Forum

This is a focus group that includes local Councillors, neighbourhood watch co-ordinators, chairs of resident associations and other public groups to meet with senior managers from each of the CSP agencies and look at the strategic planning, discuss priority issues and find out about the progress of the partnership against its action plan. It is not an opportunity to make area specific observations. It is also an opportunity for residents to get involved in partnership projects and find out more about Community Safety.

Neighbourhood Engagement Meetings (NEM)

The partnership also delivers Neighbourhood Engagement Meetings to identify the issues that matter most to residents in our local communities. The district is divided into North, East, South and West geographical areas – with those living in more rural areas attending whichever location is closest and most relevant to them. A quarterly meeting takes place for each area.

The NEM meeting is attended by a range of partners including police officers and PCSOs for that area, district council representatives and KCC Wardens. Members of the community are free to pose questions or make observations about their area, even down to street level. Meeting dates are advertised on the Kent Police and District Council Websites in advance and are an opportunity to collectively problem-solve community safety issues.
