

# Local Alcohol Profiles for England - LAPE (2014) – Thanet

Source: Public Health England (PHE). Available at: <http://www.lape.org.uk>

Date of issue: May, 2014

**Introduction** The latest statistics related to alcohol have been released by Public Health England. This report describes how Thanet fares compared to the English and regional averages, highlights areas of particular concern and improvement and national rankings. It also describes what services are in place to help. Please see the soon to be published Kent Alcohol Strategy 2014-16<sup>1</sup> for more information.
