Dear Paul

Certification work for Thanet Borough Council for year ended 31 March 2014

We are required to certify certain claims and returns submitted by Thanet District Council ('the Council'). This certification typically takes place six to nine months after the claim period and represents a final but important part of the process to confirm the Council's entitlement to funding.

Arrangements for certification are prescribed by the Audit Commission, which agrees the scope of the work with each relevant government department or agency, and issues auditors with a Certification Instruction (CI) for each specific claim or return.

We have certified two claims and returns for the financial year 2013/14 relating to expenditure of £70.8 million. Further details of the claims certified are set out in Appendix A.

There are no issues arising from our certification work which we wish to highlight for your attention. We are satisfied that the Council has appropriate arrangements to compile complete, accurate and timely claims/returns for audit certification.

The indicative fee for 2013/14 for the Council is based on the final 2011/12 certification fees, reflecting the amount of work required by the auditor to certify the claims and returns in that year. Fees for schemes no longer requiring certification (such as the national non-domestic rates return) have been removed. The fees for certification of housing benefit subsidy claims have been reduced by 12 per cent, to reflect the removal of council tax benefit from the scheme.

The indicative scale fee set by the Audit Commission for the Council for 2013/14 is £12,953. Due to the need to carry out more additional testing than was allowed for in the indicative fee calculation, we have proposed an increase in housing benefit subsidy claim certification fee of £7,500. This is set out in more detail in Appendix A.

Yours sincerely
