Telephone Number:	01843 ██████████

**The Chief Officer of Police has received a Temporary Event Notice under Section 100 Licensing Act 2003, and under Section 104 of that Act, asks the Licensing Authority to consider this objection in respect of the prevention of crime and disorder objective.**

<b>Details of Temporary Event</b>	
Date(s) of event	29 <sup>th</sup> October 2017
Licensable activities proposed	The Sale by retail of alcohol The Provision of regulated entertainment.
Hours of licensable activities	0300 – 0400
Name of Premises:	Rokka
Address of premises:	64 Harbour Parade Ramsgate Kent CT11 8LN
Date and time TEN received by police	11/10/2017
Date and time objection notice given to Licensing Authority and the premises user	13/10/2017

Due to the circumstances of this case, I am satisfied that allowing the premises to be used in accordance with the notice would undermine the crime prevention objective because .....

The Police are objecting to the TENs application for this event.

This premise is in a location that is in the heart of the night time economy. There are

a number of recorded crimes that emulate from this location in the early hours of the morning.

I note the comment that an extra SIA door supervisor will be employed for the extra hour. In previous events this was deemed acceptable. But in light of recent information the Police have serious concerns that despite the premises not having a condition to have SIA staff they have now chosen to take the course of action of only employing one SIA on key evenings.

The Police cannot support this TENS notice.

Please use separate sheets where necessary

**Suggested modifications that could be added to the temporary event notice to remedy the objection or other suggestions the Licensing Sub Committee may take into account:**

*Please use separate sheets where necessary. Consider s106 Licensing Act 2003.*

The Police will feel there needs to be significant alterations to consider supporting this TENS. The police will support this event with these conditions.

- 1, Minimum of one SIA to 75 patrons. From 2200 hours to close.
- 2, Body worn video to be in operation while SIA employed.
- 3, No entry after 0300 hours.
- 4, SIA staff to be in possession of counter to ensure limit of 250 is not exceeded.

This premise is in a location that is in the heart of the night time economy. There are

I am fully aware that the premises have had these events in past years but that is not a confirmation that it will happen every year.

I note the comment that an extra SIA door supervisor will be employed for the extra hour. In previous events this was deemed acceptable. But in light of recent information the Police have serious concerns that despite the premises not having a condition to have SIA staff they have now chosen to take the course of action of only employing one SIA on key evenings.

The concern is also that the premises want to be open to 0400 hours every Saturday evening to 0400 hours. This is one of a number of TENS submitted for the Christmas period. Have these evenings already been booked for Christmas Parties and are they only staying open to 0400 hours for patrons of these parties or is it expected to be for any patron?

As it is described as Christmas Party I would expect this to only be for patrons that have an invite prior to the event and no admittance to other patrons for the extended period.

The Police cannot support this TENS notice.
