## Proposed Waiting Restrictions – Various Roads, Thanet

To: **Thanet Joint Transportation Board, 10 June 2021**

Main Portfolio Area: **KCC – Growth Environment and Transport**

By: **Director of Highways, Transportation and Waste**

Classification: **Unrestricted**

Ward: **Various** Division: **Various**

---

**Summary:** This report summarises the results of proposed waiting restrictions in Thanet and seeks a recommendation to proceed.

### For Recommendation

---

#### 1.0 Introduction and Background

1.1 Kent County Council (KCC) is proposing the installation of ‘at any time’ waiting restrictions (double yellow lines) within the District in the interests of highway safety and for facilitating the movement of traffic.

1.2 The proposed locations are as follows:

- John Townsend Mews, Margate junction with Addiscombe Road
- Rosedale Road, Margate junction with College Road
- Elmley Way, Margate junction with Farley Road
- Truro Road, Ramsgate junction with Albion Road
- Truro Road, Ramsgate junction with Augusta Road
- Cliffsend Road, Cliffsend
- Upper Dumpton Park Road, Ramsgate

Plans of the proposals are attached in Appendix A

1.3 The proposals were advertised on Friday 9 April 2021. Notices were placed on site and the closing date for comments and objections was noon on 3 May 2021.

1.4 As a result of the statutory consultation, eight comments were received. Two in support and six against.

#### 2.1 Results of Consultation

2.1 The objections raised in the comments can be summarised as follows:

Road	Comments	KCC response
Augusta Road and Truro Road	Already very hard to park near house, this will make it harder	Parking in the area is at a premium. and it is appreciated that it is not always easy to park in a convenient location.
Augusta Road and Truro Road	Often has to park some distance away and carry shopping and small children to house	
Augusta Road and Truro Road	Existing scarcity of parking spaces for residents	
Augusta Road and	Many less able-bodied	

Truro Road	residents who struggle with lack of parking close to properties	
Augusta Road and Truro Road	Lengths of proposed lines somewhat excessive	It is proposed the length of waiting restrictions are reduced to 5m to improve sight lines but also accommodate the need for on-street parking provision.
Augusta Road and Truro Road	Recent pay and display introduced in Wellington Road has displaced parking to other roads such as these ones.	Parking in the area is at a premium.
Augusta Road and Truro Road	Requests resident permits	Request passed to Thanet District Council.
Albion Road and Truro Road	Problem worse in summer as people visiting are looking for places to park for free.	This situation is similar to many other local roads in close proximity to the coast.
Albion Road and Truro Road	Asks if resident permits might be possible	Request passed to Thanet District Council.
Albion Road and Truro Road	Asks if proposed restrictions might be reduced	It is proposed the length of waiting restrictions are reduced to 5m to improve sight lines but also accommodate the need for on-street parking provision.
John Townsend Mews and Addiscombe Road	Proposed length of restrictions are excessive and should be reduced.	The restrictions are proposed to improve sightlines for those exiting John Townsend Mews and are the standard 10m cited in the Highway Code
John Townsend Mews and Addiscombe Road	Will reduce availability of on-street parking space and displace to other roads.	The restrictions will reduce on street parking availability but will also improve sightlines for vehicles using this junction.

2.2 Kent Police registered no objections.

2.3 One resident stated they were in support.

### 3.0 Financial

3.1 The proposals are being fully funded by Kent County Council.

### 4.0 For Recommendation

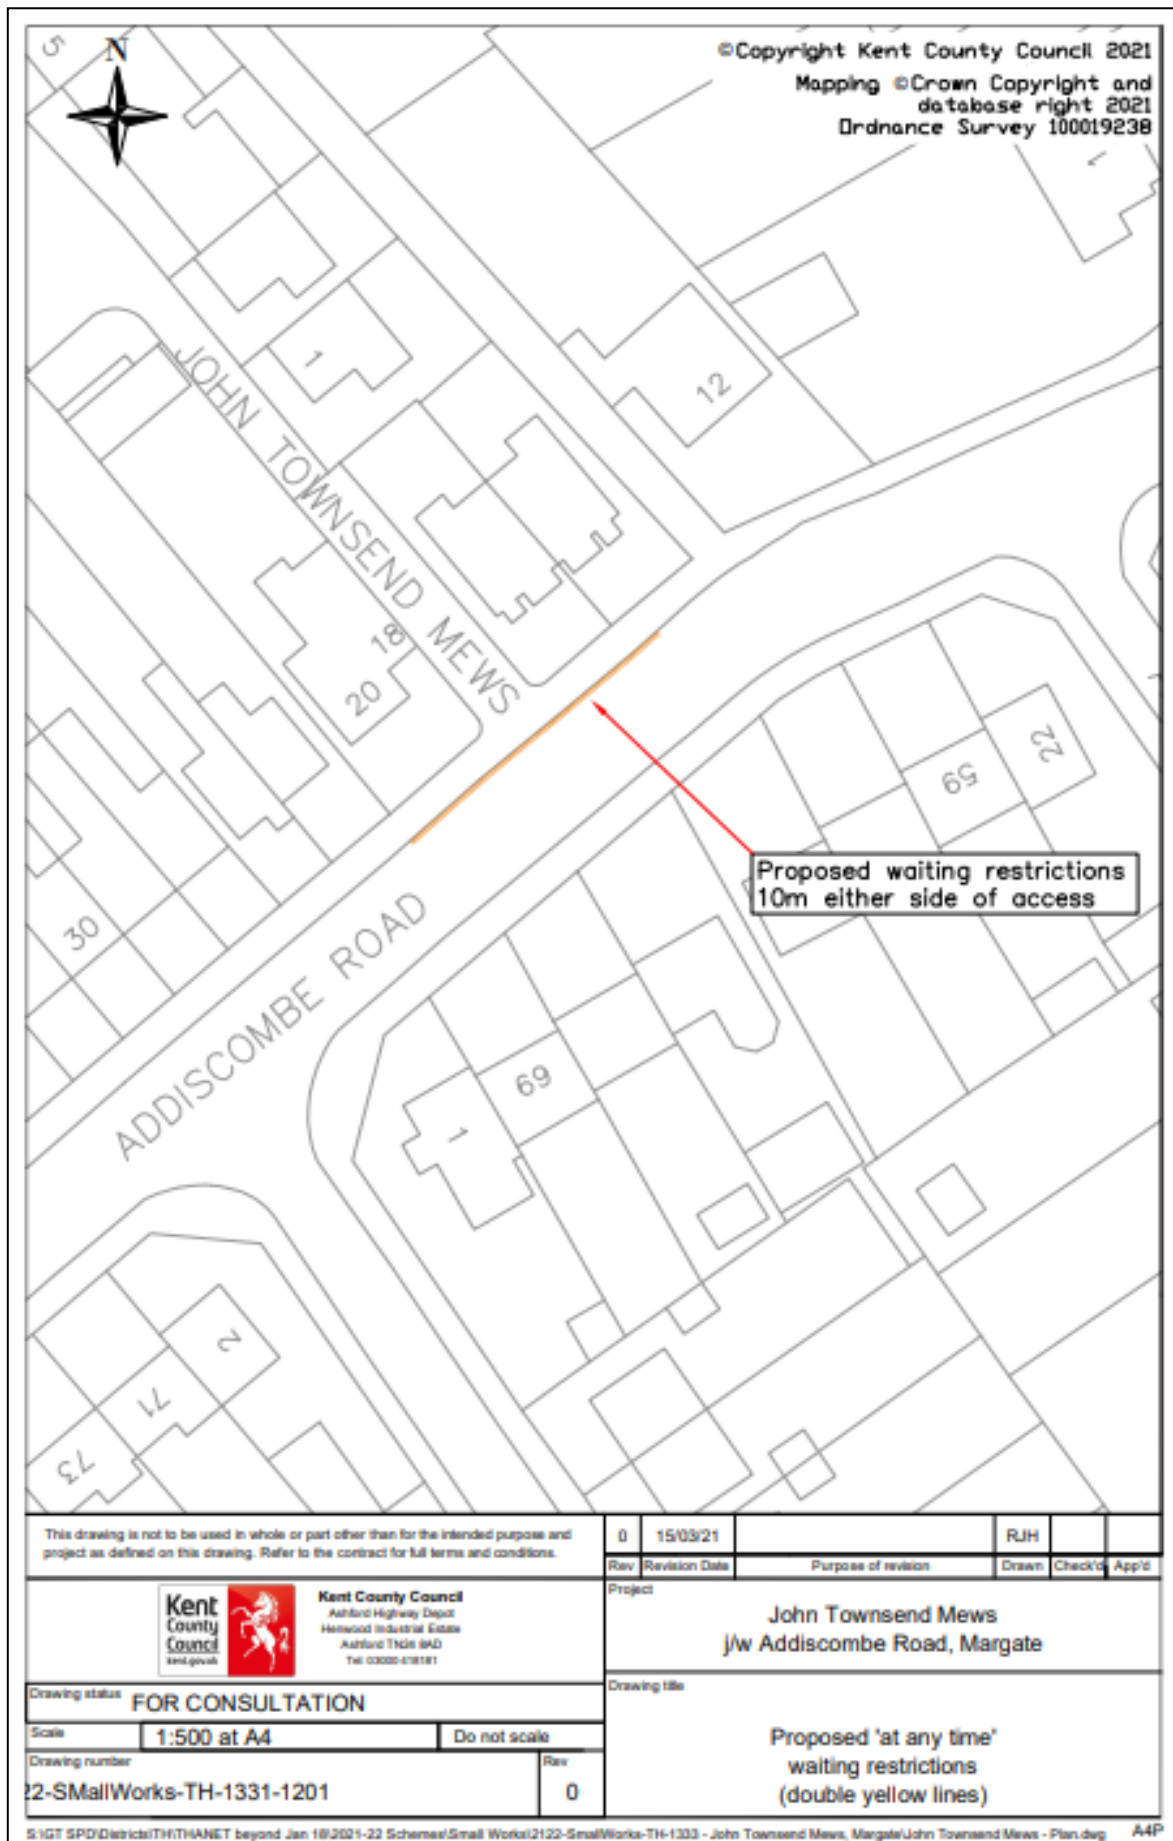

4.1 It is recommended that the restrictions be installed as advertised, with the exception of the junctions of Truro Road with Augusta Road and Albion Road where the length of the restrictions should be reduced from 10m to 5m to reduce loss of on-street parking provision.
