

## 6. Driver Licensing

### Criminality checks for drivers

- 6.1 Licensing authorities are entitled to request an enhanced criminal record certificate with check of the barred lists from the DBS for all driver licence holders or applicants. The DfT's 2019 [survey of taxi and private hire vehicle licensing authorities](#) shows that all licensing authorities in England and Wales have a requirement that an enhanced DBS check is undertaken at first application or renewal.
- 6.2 All individuals applying for or renewing a taxi or private hire vehicle drivers licence licensing authorities should carry out a check of the children and adult Barred Lists in addition to being subject to an enhanced DBS check (in section x61 of the DBS application 'Other Workforce' should be entered in line 1 and 'Taxi Licensing' should be entered at line 2). All licensed drivers should also be required to evidence continuous registration with the DBS update service to enable the licensing authority to routinely check for new information every six months. Drivers that do not subscribe up to the Update Service should still be subject to a check every six months.
- 6.3 Driving a taxi or private hire vehicle is not, in itself, a regulated activity for the purposes of the barred list. This means that an individual subject to barring would not be legally prevented from being a taxi or private hire vehicle driver but the licensing authority should take an individual's barred status into account alongside other information available. **In the interests of public safety, licensing authorities should not, as part of their policies, issue a licence to any individual that appears on either barred list.** Should a licensing authority consider there to be exceptional circumstances which means that, based on the balance of probabilities they consider an individual named on a barred list to be 'fit and proper', the reasons for reaching this conclusion should be recorded.
- 6.4 Drivers working under an arrangement to transport children may be working in 'regulated activity' as defined by the [Safeguarding Vulnerable Groups Act 2006](#). It is an offence to knowingly allow a barred individual to work in regulated activity. The [guidance on home-to-school travel and transport](#) issued by the Department for Education should be considered alongside this document. Please see [guidance](#) on driver DBS eligibility and how to apply.

### Safeguarding awareness

- 6.5 Licensing authorities should consider the role that those in the taxi and private hire vehicle industry can play in spotting and reporting the abuse, exploitation or neglect of children and vulnerable adults. As with any group of people, it is overwhelmingly the case that those within the industry can be an asset in the detection and prevention of abuse or neglect of children and vulnerable adults. However, this is only the case if they are aware of and alert to the signs of potential abuse and know where to turn to if they suspect that a child or vulnerable adult is at risk of harm or is in immediate danger.

6.6 All licensing authorities should provide safeguarding advice and guidance to the trade and should require taxi and private hire vehicle drivers to undertake safeguarding training. This is often produced in conjunction with the police and other agencies. These programmes have been developed to help drivers and operators:

- provide a safe and suitable service to vulnerable passengers of all ages;
- recognise what makes a person vulnerable; and
- understand how to respond, including how to report safeguarding concerns and where to get advice.

6.7 Since 2015, the Department for Education (DfE) has run a nationwide campaign – *‘Together, we can tackle child abuse’* which aims to increase public understanding of how to recognise the signs to spot and encourage them to report child abuse and neglect. The DfE continues to promote and raise awareness of the campaign materials through its [online toolkit](#), for local authorities, charities and organisations for use on their social media channels.

### ‘County lines’ exploitation

6.8 County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of “deal line”.

6.9 Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to transport (and store) drugs and money between locations. Children aged between 15-17 make up the majority of the vulnerable people involved in county lines, but they may also be much younger. We know that both girls and boys are groomed and exploited and offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children exploited by county lines gangs may have vulnerabilities besides their age, such as broader mental health issues, disrupted or chaotic homes, substance misuse issues, being excluded from school or frequently going missing.

6.10 The National Crime Agency’s 2018 county lines threat assessment set out that the national road network is key to the transportation of county lines victims, drugs and cash; with hire vehicles being one of the methods used for transportation between locations.

6.11 Safeguarding awareness training should include the ways in which drivers can help to identify county lines exploitation. Firstly, they should be aware of the following warning signs:

- Children and young people travelling in taxis or private hire vehicles alone;

- travelling at unusual hours (during school time, early in the morning or late at night);
- travelling long distances;
- unfamiliar with the local area or do not have a local accent;
- paying for journeys in cash or prepaid.

6.12 The Home Office is working with partners to raise awareness of county lines and has provided [material](#) to help taxi and private vehicle hire staff to identify victims and report concerns to protect those exploited through this criminal activity.

6.13 Drivers (or any person) should be aware of what to do if they believe a child or vulnerable person is at risk of harm. If the risk is immediate they should contact the police otherwise they should:

- use the local safeguarding process, the first step of which is usually to contact the safeguarding lead within the local authority;
- call Crime Stoppers on 0800 555 111.

### Language proficiency

6.14 A lack of language proficiency could impact on a driver's ability to understand written documents, such as policies and guidance, relating to the protection of children and vulnerable adults and applying this to identify and act on signs of exploitation. Oral proficiency will be of relevance in the identification of potential exploitation through communicating with passengers and their interaction with others.

6.15 A licensing authority's test of a driver's proficiency should cover both oral and written English language skills to achieve the objectives stated above.
