

**CC CAG proposed work plan September 2023 - January 2024.**  
**Subject to changes as the work evolves.**

**25th September 2023**

- Review progress and identify resource/funding gaps in the current Net zero action plan e.g. addressing emissions from district wide transport.
- Consider drafting a letter to government highlighting resources gaps to deliver both the 2030 and 2050 net zero strategies
- Biodiversity walk presentation and Foreness Point wildflower and pollinator management
- Green Tourism Update

**27th November 2023**

- Progress on the updated carbon reduction plan 2023
- Update on the electric vehicle replacement program and ev charging infrastructure
- Update on Social Housing Net Zero Strategy and the Tower Block Scheme
- Update on the Air Quality Management Area
- Biodiversity Net Gain - new law
- Agree work plan for 2024

**29th Jan 2024**

- Progress on the 2024 - 2026 net zero action plan including district wide emission targets.
- Update on the work to embed climate change and biodiversity as a consideration in cabinet report and projects
- Decarbonisation of TDC estates
- Review progress on tree planting and biodiversity initiatives.
- Update on Thanet private sector domestic retrofitting action.
- Local plan and net zero targets

**Topics to discuss at future meetings:**

- Active Travel
- Carbon values - adding a value of carbon to decisions
