

The copyright of this drawing remains the property of Urban Surveying & Design Limited and it may not be reproduced without the express permission of Urban Surveying & Design Limited.
 Use figured dimensions in preference to scaled dimensions. Verify all dimensions on site and advise Urban Surveying and Design Limited of any discrepancies before commencing works on site.

- All drawings to be read in conjunction with:
- urban surveying and design's provided building regulations / construction specification.
 - any other consultant details if qualified.
 - manufacturers construction drawings and installation manuals.
- Any discrepancies of relevant information should be immediately notified in writing to urban surveying and design limited.

Commencement of any building works prior to formal drawing approval from building control is entirely at the clients risk, likewise for proceeding with any subsequent design alterations.

All specified dimensions should be checked on site prior to construction, any discrepancies should be immediately notified in writing to urban surveying and design limited.

Urban Surveying and Design Limited are not responsible for structural calculations and detailed structural design, therefore, unless explicitly stated, structural designs are indicative and structural engineering is required at the discretion of building control.

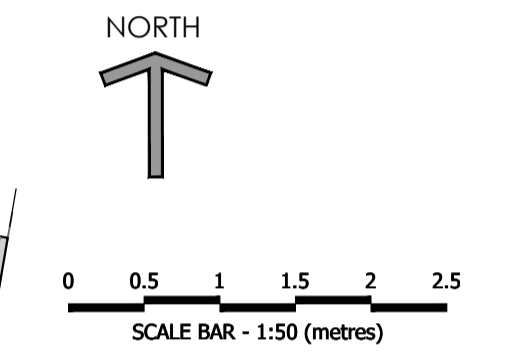

Urban Surveying and Design Limited are not responsible for drainage calculations and detailed drainage design, therefore, unless explicitly stated, above & below ground drainage runs are indicative and drainage engineering is required at the discretion of building control.

This drawing has been prepared for the exclusive use of the commissioning party and unless agreed in writing by Urban Surveying and Design Limited no other party may use or rely on its contents.

No liability is accepted by urban surveying and design limited for any use of this drawing other than for the purpose for which it was originally prepared.

This drawing may include data provided by third parties, no liability is accepted by Urban Surveying and Design Limited for this data.
